Dear Sirs:

We should like very much to have your permission to photograph a number of the war medals to accompany an article that Mr. William Henry Shelton has written for us. If you will kindly advise us about the time that would be convenient, we will send a photographer to do the work. Will it be necessary for him to have a written permission from you?

Very truly yours

Dear Sirs:-

In reply to your favor of November 7th we will very gladly place at the disposal of your photographer such war medals as you may designate for reproduction. Any morning will be convenient. You might telephone to our Curator, Mr. Wood, stating which morning you would have your photographer come.

Yours very truly,

Dear Sir:-

Referring to the article in the Field of Art in the February number of Scribner's Magazine by William Henry Shelton, I regret to note that the acknowledgment you there make for the illustrations used is to The Numismatic Society. It is somewhat disappointing to find that The American Numismatic Society is so little known to yourself and your staff as to make such an error possible.

Yours very truly,

Secretary.

Dear Sir:

We regret very much indeed that the word "American" should have been omitted from the credit for the War Medals in our February magazine. It was purely through an oversight and not through any lack of knowledge that we failed to give your Society its just credit. We appreciated very much your courtesy in permitting us to photograph the medals, and we think that there will be very few indeed who will not know that the reference was intended for the American Numismatic Society.

Sincerely yours

Charles Scribner's Sons

Dear Sirs:

In connection with the recent consignment of volumes in Loeb's Classics they unfortunately duplicated one of the volumes already in our possession (Polybius Vol.V.). May I ask whether it would be possible for us to return this in exchange for No.72 "Caesar's Gallic Wars"? I regret being under the necessity of making this request, but as we hope to add to our shelf of these publications in the future, I hope you can see your way clear to aiding us.

Very truly yours,

Secretary.
